

John F Hunt Ltd

263 Kensington High Street

Monday 30th September 2019

Dear Neighbour,

We are making good progress on site. Today, we will complete work on the removal of the concrete slab at Whitlock House. We apologise for any inconvenience caused by this.

At present, we are also installing pile mats and receiving some deliveries on site.

What will be happening on site over the next few weeks?

Over the first two weeks of October, the following work is planned:

- Pile mat construction
- Erection of scaffolding around the Yorkshire Building Society chimney, in order for it to be taken down
- Excavation to allow piling guide walls to be installed.

We always aim to minimise disruptions or disturbances from our work. However, if you ever have any queries or concerns, please do not hesitate to contact me on the details below.

If you would like more information about the plans for 263 Kensington High Street, please visit: www.263KensingtonHighStreet.co.uk.

Kind regards,

Riaan Taljaard
Project Manager
